Welcome to the **WORLD OF HAYMILK**

“Schau-Sennerei” exhibition dairy

See for yourself how our Haymilk is processed and refined into cheese, butter, yogurt and more in our “Schau-Sennerei” exhibition dairy. Discover our production, guided by audio devices and get additional information from displays and movies. Sample our variety of cheese made from cow's, sheep's & goat's Haymilk and convince yourself of the high quality of our creamy yogurts at our “Genusslöffeln” sampling stations.

“Schau-Bauernhof” exhibition farm

Right next door, at the “Schau-Bauernhof” exhibition farm, you get to know everything about the origin of our precious Haymilk. Rare cow species, clucking chickens, grunting pigs and curious Haymilk-goats show you what real animal welfare means to us. Our little guests await fun & play at the mini-tractor-parcours, the world’s biggest milk can (which is a giant slide) and at the hay-hopping barn. In the meantime you can relax at our cosy book corner, watch informative movies or simply enjoy the beautiful view of the Zillertal alps.
